Senator Hill Making a Triumphal

Tour.

Great Enthusiasm in Savannah-The Senator Takes a Trip Down the Harbor. Presented With a Handsome Bouquet by the Ladies at Millen-Greeted by a Salute From the National Guard-A Great Reception at Augusta.

SAVANNAH, Ga., March 18 .- [Special]—The dawn of day was not many hours distant when the Hibernian banquet came to a close this morning. As the banquet wore on in the early hours of the morning, speeches became particularly warm and enthusiastic, and although occasionally some speaker would jocularly insist that the Hibernian Society was a non-partisan organization, the only effect of this remander was to provoke excessive mirth from all followers and give rise to an exuberant suggestion from some quarter of the house for "Three cheers for Hill."

These cheers were always given with a hearty good will, and when later on the periodical suggestion was amended by adding "the next President of the United States," the only effect was to heighten the enthusiasm and vigor of the cheers. The ovation tendered Senator Hill in this city has probably exceeded in enthusiasm that of the other places he has visited.

places he has visited.

This forence at 11 o'clock Senator Hill held a reception in the parlors of the de Soto Hotel and shook hands with five or six hundred Savannah Demo-crats as they passed through. At 11:30 Senator Hill and his party were driven to the wharf, where a tug was boarded and a brief trip made down the harbor.

Savannab asks for a \$3,000,000 appropriation for widening and deepening her barbor, and the Senator asked a great many questions of the United States engineer, who accompanied the party, as to the exact needs of the har-bor. After a drive around the city Senator Hill and his friends left hore for Augusta at 2 o'clock in a special train, in company with Hon. Patrick Walsh.

At Millen, a committee, consisting of J. R. Doughty, president of the Augusta Cotton Exchange, Jas. Tobin, Z. During the journey Superintendent McBee entertained the Senator and his friends, the newspaper representatives and the Augusta delegation at luncheon on board his private car.

The little city of Waynesboro was reached about five o'clock in the afternoon and here a very pleasing ovation was tendered the distinguished New Yorker. Nearly the whole population of men, women and children had gathered at the station and after the band had played the lively air of "Dixie" the Waynesboro company of the Georgia National Guards received the Senator with a salute of three rounds of musketry and then performed a series of evolutions.
